More details in person...

Tatasthu Works

Founder

October 2017 - Present

Bengaluru Area, India

An innovative think tank.

We initially functioned as a platform to bridge the gap between tech-blind clients and software service professionals lacking business/domain knowledge. Tatasthuworks now has morphed into a consultancy firm handling assignments on robust grass-root level design, content strategy and is also venturing into incubation for upcoming ventures.

Centre for Fundamental Research and Creative Education

Student Associate

June 2016 - June 2018 (2 years 1 month)

Bengaluru Area, India

Pursued independent courseware under the guidance of mentors.

Consolidated learning via practical projects and documentation. The courseware broadly covered realms of " Entrepreneurship, Psychology, NeuroScience, Personal Development, Project management, Philosophy, Natural History, Product design ..etc "

Finomena

Credit Risk Analyst

December 2016 - February 2017 (3 months)

Bengaluru Area, India

Initially recruited as an intern, quickly took up fulltime responsibilities.

The conducive company culture allowed me to remain agnostic to the job description. As an incidental assistant product manager, It was a delight to ideate and oversee the implementation of app features which, dramatically decreased onboarding time from a few days to under an hour.

Indian Institute of Science

Project Associate

July 2016 - November 2016 (5 months)

Worked on a novel web platform for the selection of submersible pumps.

Produced algorithms for pump selection, to assure a minimum 30 % increase in water discharge.

Education

R. V. College of Engineering, Bangalore

Bachelor of Engineering (B.E.), Chemical Engineering · (2012 - 2016)
